

The Crime Stoppers USA National Conference will boast exceptional training that will be beneficial for your local program. We are currently working to ensure that we have a great line-up of speakers and topics and will update the conference web site as soon as we firm up our training classes. One thing for sure is that a Crime Stoppers 101 is being planned for those new to Crime Stoppers and for those who want a refresher on what it takes to build and maintain an effective Crime Stoppers Program.
