#### Region 6 Report

June 2012 The only thing I have to report is a request from Scott to assist in any way I could to help start a CS program in Crockett County, Tn.

I contacted the person I was referred to and did not receive any response.

I contacted Scott and told him that I had not heard anything from the Crockett County contact and I asked Scott if I needed to make further contact. He said that he would pursue.

Respectfully submitted by,

Frank M Boyd

As a regional program participating law enforcement agencies are reviewing their interagency agreement to update costs and responsibilities. The original agreement dates back to 1990. Participating agencies help share the cost of the law enforcement coordinators position.
