Ref: About Kevin Anderson

Kevin Anderson has owned and operated Anderson Software, LLC for the past 29 years and has developed several industry leading software and web applications.

Kevin is a three time Presidential Award winner for his excellent crime fighting applications.

His most notable application, Tipsoft, was originally developed in 1999 and Kevin maintained the application through 2009. In June 2010, TipSoft was acquired by Public Engines, Inc. Although Kevin continued to operate Anderson Software, he also served as Vice-President of Public Engines thru June 2013, primarily continuing to oversee the ongoing development and support of TipSoft.

Kevin continues to offer DynaSites, a Content Management System for Crime Stoppers websites located at crimestoppersweb.com… and it is currently utilized by over 200 Crime Stoppers programs.

Now that Kevin's Non-Compete period has expired with Public Engines he is exploring new opportunities and strategic partnerships in the world of crime fighting technology.
